

Ship
chandler
that you
can trust

NAVSUPPLY

Exceed your expectations: trust in NAVSUPPLY.

We have extensive experience in ship Chandler service, we offer very high quality products and our prices are always competitive. But what really sets Navsupply apart is that for us everything matters.

Our goal is to solve your problem, whatever it is. Just contact us at any time, we immediately take responsibility and start working to deliver the best solution.

The focus of our work is to streamline each operation and facilitate the maneuvering for our diverse clients, such as: offshore, dredgers, tankers, bulk carriers, container ships, military ships, tugs and research vessels.

The profile of the people who make up our team and the way each one of them works have built an excellent reputation for Navsupply. See why.

- A team made up of people who understand the urgency in the shipping industry and the impossibility of error in the supply.*
- Professionals with diverse skills who came from various branches of shipping companies (Shipping Agency, Maritime Support, Ship Chandler, equipment and spare parts trading).*

- Partnerships with a network of various service providers (hull cleaning, tanks, electrical, hydraulic and mechanical maintenance, etc.) for the proper functioning of the operation.*

- Strong investor group to ensure maximum excellence in delivery and compliance in negotiations.*

- The use of integrated management system and all available technologies to provide the best service.*

Offshore Specialist

We pay attention to detail and quality, we have proper support and offer thorough logistics.

By adopting these criteria, we become experts in meeting the needs of the offshore segment.

To prove what we're capable of, one chance is enough.

Whether it's a product or a service, everything Navsupply offers is top notch.

Bilingual service always available to understand and solve the needs of national and international crew.

Numerous options in the food segment, cleaning products, deck equipment and tools.

Facilities with rigorously temperature controls, ensuring optimal climate control at all points.

Easy tracking of each delivery through several communication channels.

Accurate delivery at the agreed time.

The variety you like. Quality that surprises.
